Mr. John S. Warner
Legislative Counsel

Washington 25, D. C.

Dear Mr. Warner:

On July 19, 1963 or shortly thereafter, the Government Printing Office distributed to various departments and agencies of the Federal Government in the Washington area Volumes I and II of the Appendix to our hearings report on "U. S. Personnel Security Practices." Your Agency received a total of one hundred sixty copies in two separate shipments. Sixty copies were sent under Jacket No. J704-020. One hundred copies were sent under Jacket No. J703-012.

Early in August, Volume II of the Appendix, labeled "Departmental and Agency Rules and Regulations", was recalled, so that certain of the material included in it can be deleted. Persons who routinely receive Congressional publications distributed to their respective agencies by the G.P.O. were telephoned and asked to return to the Subcommittee all copies of the book which had been sent to them. The person contacted in your Agency was [redacted]

[redacted] Our records show that 137 of the 160 copies sent to your Agency have been returned to the Subcommittee.

We would, of course, like to have the remaining twenty-three copies returned. Alternately, we would appreciate having CIA's assurance that any copies which are not returned have been either destroyed or classified CONFIDENTIAL. The book will bear the necessary security classification markings if the CONFIDENTIAL classification is stamped at the top and bottom of the outside of the front cover, the title page, pages 605 through 638, the last page, and the outside of the back cover.

Sincerely,

W. E. Lowell
